

TECHNICAL BULLETIN
ASA STARS NATIONAL TOUR
- 2026 -

September 30, 2026: This ASA STARS National Tour Technical Bulletin addresses technical rule adjustments for the ASA STARS National Tour and does not apply to affiliated organizations following the United Late Model Rules Alliance (ULRA) 2026 Super Late Model Specifications & Guidelines. In consideration of track configuration, officials have elected to adjust the tread width rule for the ASA STARS National Tour race at Winchester Speedway on Sunday, October 11, 2026. The implementation of this Technical Bulletin is effective immediately.

TREAD WIDTH

Section G Suspension, Rule 3:

66-inch maximum tread width for all cars.

Cars will be allowed an additional $\frac{1}{4}$ " tread width (maximum 66 $\frac{1}{4}$ ") at the following event: October 11 – Winchester Speedway.

This is a common precaution often implemented for events at Winchester Speedway.
