TECHNICAL NOTICE
TURN ONE CRA PRO SERIES
- 2026 -

October 5, 2026:

Please allow this email to serve as a reminder of Rule 11 in Section A of the current United Late Model Rules Alliance (ULRA) Pro Late Model Specifications & Guidelines.

ULRA Specifications & Guidelines

Eligible Cars & Body Guidelines – Section A:

11) The standard opening for the grill screen area, as approved for manufacturers' production, must be maintained at all times. Only ABC manufacturers standard mesh screen may be used for the radiator opening in the nose.

Although the grill screen is not currently an ABC stamped component, in accordance with the above rule, only a Five Star or AR manufactured grill screen may be used. Custom grill screens will not be permitted for use at the remaining CRA Pro Series events.

Additionally, it has been determined that adding or attaching a stiffening device to the grill screen is a manipulation of the manufactures standard grill screen and is not permitted.

The complete ULRA Rulebook can be found at <https://starsnationaltour.com/cra/forms/>
